

Vision One Eyecare Program[®]

Bringing employees and their families quality eye care

MetLife[®]

The Vision One Eyecare Program[®] focuses on bringing employees and their dependents quality eye care.

More benefits, more satisfied employees

Now more than ever, employees are looking for benefits that go beyond the traditional core package.

Sometimes, as an employer, you can't expend the time and effort needed to add these sought-after benefits.

MetLife makes it easier with the Vision One Eyecare Program (VOEP).¹ This program focuses on bringing you savings, convenience and access nationwide, through thousands of participating retail and independent eye care providers.

Your employees and their families can save on exams, eyeglasses and contact lenses.

Partnering with a leader in vision care plans

Available through a special arrangement with Cole Managed Vision, VOEP is a valuable benefit that provides substantial eye care discount for families.

Under VOEP, eligible employees and their dependents receive substantial discounts on eye care services and products at thousands of participating retail and independent providers.

VOEP discounts are available at these major retailers:

- JCPenney Optical
- Sears Optical
- Target Optical
- Pearle Vision

For companies, a clear advantage

Appreciating the time constraints on most HR departments, MetLife has simplified the program from start to finish by helping to facilitate all aspects of installation. Once the program is in place, MetLife Customer Service Representatives will provide any necessary ongoing support to your company, giving you time to focus on other important strategic issues. And it gives employees one more reason to appreciate the benefits you offer.

For employees, no forms, claims or hassles

There are no enrollment forms to fill out, or claims forms to submit. Under the plan, employees and their dependents can receive substantial discounts on eye exams, eyeglasses, frames and contact lenses, and they have access to a mail-order contact-lens-replacement program via Contacts Direct.TM

Families can get these discounts as often as they need, at thousands of locations nationwide. And if employees have questions, they can get answers online or by calling our toll-free number.

A sample of VOEP discounts:

Eye Examinations

Eyeglass Exam	\$5 off
Contact Lens Exam	\$10 off
Lenses (Uncoated Plastic)	Up to \$100 off
Frames	Up to 55% off

Contact Lenses

Non-disposable	20% off
Disposable	10% off

For 130 years, MetLife has helped companies provide financial security and assure the quality of life for their employees. With our experience and expertise, we can offer the support employers need every step of the way, along with the broad range of voluntary benefits employees appreciate. To find out more, contact your broker, consultant or MetLife representative. For vision care and all your voluntary benefits, MetLife is easier.
